Mr Neville Campbell. (not seen. Said to be at work.)

Mrs Sylvia Campbell. Seen.

Lives in a house on slope below Mrs Frater, by whom we were advised to see her. Adjoining grounds.

Two-roomed house, better than the Frater's. Floored. Living-room nicely furnished.

Mrs C. young woman--said could not take part in anything in the community as had a young baby. Six weeks old. Has two others -- Winston aged 4 and Norma aged 2. All three seen. Baby has a bad dermatitis on both cheeks. Not taken to clinic or doctor. "Face rash only breast milk". Breast-fed, fat and well nourished.

Infant seen in bedroom which contains one bed -- dirty bed-clothes, unmade, -- on which presumably mother, father and three children sleep.

A middle-aged woman, not identified, sitting on step of living room leading into backyard.

Mr. C. said to have land on Allsides.

A young and very baby-proud mother.
