

ay 1947.

Ewers, Philip Alexander.
Green, Cecilia (Cl. wife).
No children.

I am not very sure of this surname. I thought at first it was Hughes. I asked Mr Green (Sylvester) to spell it but nether he nor the man himself knew. They said they neither of them could read or write (spell). Hughes, if that or Ewers is his name -- never went to school. (Green said "Me parents tell me when I was small I was sickly and by de time I was better I was passing school age."

Ewers was born at Mountainside in St Elizabeth. He came up here looking for a living about 12 years ago. "Me jus' walk and walk till me catch up here and den me thought me would stay and work."

His parents are both dead. His father was Edward Ewers and his mother Jane Williams.

He lives with Cecilia Green who is sister to Sylvester. I saw Cecilia at Sylvester's house where she was looking after some slabs of cassava which were drying (save that there was little sun) on a wooden sheet in the yard.

He has no children either by Cecilia or anyone else.

He works with his brother-in-law and they seem good friends.

The arrangement is that they work in each other's grounds reciprocally. I should get round to his house which can be approached either from New Road or from the Par. Rd in time.
