Godfrey

---

Mrs. Godfrey's hut is ~~at~~ towards the Cockpit on the parochial road. A lot of young females and babies. Met her later on in the Cockpit Valley helping Mr. Griffith with his ginger planting. She was born in Warsop but spent her life in Windsor near Tyte. Windsor used to belong to William Mill. Both her parents came as children with their parents from St. Elizabeth. She came back to Warsop three years ago. On my way back I stopped at her house. Her very young daughter was nursing in her arms a 1 month old baby. She told the still younger girl is her sister.
