Lightening

Zena The baby is now 7 months old and is not able to sit by herself, I asked the mother how she accounted for that "I did meet lightening shock with her before she born, I and another woman was coming from the woodland, and the lightening flash and the thunder roll, and the lightening flash catch me in my head, then the rain started to fall and I did not know myself, until after the rain stop. The other woman bring me home".

Eleazor Spencer her brother lives very near to his mother's home with Icilda Johnson, they have 8 children.

Egbert Wallace another brother lives with May Wallace on Allsides. he does not have any children by that woman, but he has 9 children 4 boys by Augustas Nepier's wife and the other 5 children with Eva Gordon she is now living at Wilson Valley. Egbert lived with Eva Gordon first, then with Mavis Beckford (Now Nepter), and then with May. One of the children lives with his mother Mrs. Nepier, 1 with Joseph Eason who lives in the same house with his sister Florence Eason, 1 is gone to Christiana to work and 1 lives with Florence Eason. So there are 2 of the boys living in Florence's house but she is only responsible for 1. She was not able to say where Eva's 5 children were. I asked her if any of the children lived with Egbert and May
