Informant:  
Brother Knight.

Brother Knight:..... I found the man referred to as brother Knight, he hasant any connection what-so-ever with Adella Edward he does not even know the woman, he was born in Allsides his mother was Diana Harris, and his father was Alexander Knight, they are both deadd.

House. He lives in a small thatched hut it is No.24 on the map, it is a house of only one room. He shares his house with his sister Louise Knight, and a young man named Neville Thompson. He rents the house from one Adlan Thompson, he rents no land long with the house.

Land: He rents one half acre of Allsides ground on which he plants yams for marketing.

Religion. He has not gone to church for a long time but he is a Baptist.

Stock,&,Tools. He has no stock although he is tending to some for some one else. he has no tools except 1 fork.

In the conversation with him, ( I found him in the field working) he told me that Roberta Fagan for whom I had been looking was dead, and that the whearabouts of her children was unknown.
