9. Translation of colophon	In this way, after each paragraph [the sentence above] must be added and chanted. This teaching—sTag la the Red Razor—is what sTag la me 'bar is concerned with, and also was encountered by Phung bon mgo dmar. A small part of the teaching, such as the "mouth of the arrow", ends here. May this teaching reach people who have karmic good fortune. This is the seal of the body, the seal of the mouth, the seal of the heart, and the seals of burning vow-breaking monks and destroying demons. Blessings.
