E.C. with D.

Frater. Mrs Della. Seen.

Frater. Mr. At work in fields, not seen.

Two huts. Talked with Mrs F., her mother, Mrs Grandison, who lives with them, and another young woman, not identified. Saw three children whose names were given as :-

1. Fred, aged ~~12~~ 9.

2. Manny, aged 7.

3. Monica (called Lou) aged 4. Surname in all cases Frater.

Mrs F. friendly, interested and intelligent to talk to. Had worked in Kingston where had been able to leave her child at a "Play Centre" (Jones Pen??) which was lovely because they taught them there to read and write and music and dancing. Thought something like that would be lovely in Warsop. Mrs G. joined us, very old but active. Thought people -- especially mothers -- in W. would be willing to cooperate by giving food for children if P.C. established here. Some could give small amounts of money and would when they could. Thought Sunday not day for a public meeting -- people can't come on Sunday -- nothing to come in. Meeting should be announced by Teacher in school for a weekday.

Here Miss D. felt unwell and Mrs F. brought out an open bottle of bay-rum for her to drink. Compromised by bathing D's head with it after which she returned to car.

Mrs F. spoke to a man passing on road and said it was Mr Grandison, her brother, whose house we had just visited. She called him to come and meet us. Though hurrying to his ground he came and was very co-operative. Agreed with what his sister told him she had just told us. Left for his ground. Interruption caused by a cow followed by a man on a mule stampeding through their cultivations around the house. Mrs F. called out to man begging him to keep the cow off the yams which were just planted. She and other woman ran to head off cow. Man on mule warned it was a bad cow. It did stampede through the yam hills. Taken with resignation. Eventually headed back on to road. Very co-operative. Interests more social and less personal than usually found. Met her again at Iris Facey (q.v.).
