Mr. Barnes was working on the field which Mr. Sanchez rents from the Baptist minister below the church. I first heard his beautiful bass voice. He is known in the village for his voice. He has a brother who did very well and is now a rich man in Kingston. He does not help Thomas/These information from Mrs. Ashman/

Barnes said he is not paid for this work. He is working for his neighbour, and in return he would work for him. "We unite with each other". "I work here to-day and to-morrow".

Ginger

On the next field some ginger was planted. He said it is called here "produce". Ginger could be beaten with a stick and ground in a small hand mill. They put it inside the shoes for heat /?/ It is good to drink in winter it "gives severe heat".

He is very good looking, smiles pleasantly and is cheerful in spite his poverty does not complain. But "Extra hard life but what to do for honest life we must to fight."
