Met Mr. Smalling on the parochial road going ~~viz~~ leading to the Cockpit. He led a horse towards the village. He lives in the last but one house on this road. Has three sons: "Doctor" who lives in Troy, "Brother" who lives nearby and Sydney who also lives nearby. Mr. Smalling came here from Manchester as a young man. He makes shingles and sells them. Bought his horse from the sanitary inspector for £12.--, would prefer to have a mule, but mules are here more expensive than horses. His son "Doctor" has been to America, but didn't send the money to his mother but to the girl he lives with.
